

# RESIDENTIAL AND COMMERCIAL CLEANING

## POST CONSTRUCTION

### SERVICE PHASES

#### PHASE 1: ROUGH

This phase prepares a clean space free of construction dust + materials for a final contractor walk-through. Stickers + film are removed from appliances, construction dust is wiped and removed from all surfaces and floors are thoroughly cleaned. Excess paint + caulk are scraped and windows are thoroughly cleaned.

#### PHASE 2: DETAIL

This phase prepares the home for realtor home tours and open house events. Surfaces and trim work are thoroughly cleaned along side of a full deep cleaning service. This cleaning provides a crisp + clean home, ready for viewing and foot traffic.

#### PHASE 3: FINAL

This final phase provides a detailed and thorough deep clean + sanitization for move-in day.

# RESIDENTIAL CLEANING

## DEEP CLEANING

Deep cleaning is a detailed service that targets those areas and surfaces that aren't typically addressed during a regular cleaning. It removes built-up dirt, grease, dust, and tough stains in hard-to-reach places. Ideal as a first-time service before starting regular cleanings or when the home hasn't received a thorough cleaning in a while, the goal is to leave every space refreshed and completely free of buildup.

### LIVING SPACES

- Interior windows clean + free of smudges.
- Scrub interior window casing.
- Dust inter or window sills + blinds.
- Sweep + vacuum + mop floors.
- Baseboards + door frames wiped down.
- Dust surfaces + ceiling fan + ledges.
- Under + behind furniture cleaning.
- Our signature organized touch.

### BATHROOMS

- Interior windows clean + free of smudges.
- Scrub interior window casing.
- Dust interior window sills + blinds.
- Floors are hand-scrubbed.
- Baseboards + door frames wiped down.
- Shower + tub are cleaned + sanitized.
- Trash can emptied + sanitized.
- Glass + mirrors are cleaned + free of smudges.
- Toilet is cleaned + sanitized.
- Cabinet exterior is cleaned + wiped down.
- Our signature organized touch.
